Introduction

Baseline Training Pty Ltd is a registered training organisation (RTO) that provides quality workplace health & safety training and assessment throughout Australia. Under the umbrella of the VET Quality Framework (VQF) Baseline Training ensures that courses are in full compliance with all national and state legislative requirements and in accordance with relevant Australian Standards.

RTO's are recognised as providers of quality-assured and nationally recognised training and qualifications. RTO's must act in the best interests of its clients and meet the Standards for Registered Training Organisations 2015. This means that we must have quality systems, policies and procedures in place and the business is monitored by the National Regulator, Australian Skills Quality Authority (ASQA). The Standards for Registered Training Organisations 2015 are the national set of standards that underpin the provision of quality training and assessment in vocational education and training throughout Australia; Baseline Training as an existing RTO follows these standards to ensure its products and services are user focused and of high and consistent quality.

With a proven track record of helping customers to reduce risk in their workplace, Baseline Training excels in providing the knowledge and skills necessary for you to work safely and respond to incidents or emergency situations that may occur. This is achieved by providing dedicated highly skilled trainers with industry specific qualifications and hands on experience. Baseline's training facilities are well equipped, and all courses are designed to provide participants with the right amount of training needed, under realistic conditions to achieve real workplace ready skills. Being a market leader Baseline Training has a large and diverse client base across many industry sectors including oil & gas, energy, petrochemical, drilling, mining, construction, manufacturing, government and local councils.

Our Mission

To facilitate safety of workers through the provision of authentic high-quality training, and to be recognised as a training provider of choice by industry and individuals alike.

Quality Assurance

All Baseline training course materials are developed in accordance with applicable legislative requirements and are tailored to suit the requirements of the industry/organisation in which the training is being delivered. All Nationally Recognised Training is designed to meet all relevant Industry Training Package guidelines and criteria. All documentation is maintained in line with Baseline's version control policy and the Standards for Registered Training Organisations (RTOs) 2015.

As a registered training organisation (RTO), Baseline Training collects and collates data using post training surveys. These surveys are distributed to participants of all courses on completion, via email. The survey results are reviewed and opportunities for improvement are identified and acted upon in line with Baseline's continuous improvement policy; all trainers and assessors actively participate in moderation and validation of the assessment tools and processes used.

Validation of assessment tools and processes is conducted to ensure the assessment principles and rules of evidence are embedded in Baselines training and assessment material (i.e. the tools are reliable, flexible, valid and fair) and meet the requirements of the relevant training package. Baseline trainers and assessors also participate in professional development activities to support delivery of quality training and assessment practice and to maintain industry currency.

Baseline Training works closely with clients to customise courses to suit their specific needs or requirements. It is this flexibility and attention to detail that enables Baseline Training to develop strong and lasting relationships.

This handbook outlines our responsibilities as an RTO and your responsibilities as a learner. Please read and retain this handbook for your future reference.

Baseline will only enrol learners who:

- have made an informed decision about their course of learning through information provided via Baseline staff, this Learner Handbook, or the website, and
- agree to abide by Baseline Trainings policies and procedures, code of conduct and WHS obligations

For minor breaches of the code of conduct you will receive a warning asking you to rectify your behaviour. This may be a verbal reminder of the expected behaviour or an official written warning. Sanctions may be applied however, including suspension, for consistent minor breaches of the code of conduct.

Baseline Training Pty Ltd may also offer the learner a transfer to another course (at no additional charge to the Learner), this choice is for the learner to make.

3. If a course cancellation is requested less than 2 days prior to the day of course commencement, 50% of the course fees will be refunded. If no payments have been received, Baseline Training will issue an invoice for 50% of the course fees. Baseline Training Pty Ltd may elect to waive this fee if no outlays have been incurred.
4. If the learner wishes to change their enrolment into another course date with Baseline Training Pty Ltd, the course fees paid will be transferred to new course.

No Refund

1. If a learner applies for RPL and the application is unsuccessful, there will be no refund. However, fees paid can be transferred as a discount to attending the course identified as deficient by the RPL process, if the course is a current course offered by Baseline Training Pty Ltd.
2. Once training has commenced in the course, no refund is available, unless compelling circumstances prevail i.e. extreme personal hardship or medical circumstances which warrant non-completion of course. In these cases, the learner may wish to return to studies at a later date. This will require approval by Baseline Training Pty Ltd (the learner must return within 1 year to complete course).
3. The learner fails to comply with terms and conditions of enrolment and policies and procedures as provided in the Learner Handbook.

To apply for a refund, the learner is required to complete the Refund form. This form is available on Baseline Trainings Website. <https://www.baselinetraining.com/>

Note: Refunds due to the Learner will be paid within 2 weeks of receiving written application and gaining approval from the General Manager.

Competency Based Training and Assessment

Learners enrolled in training which will lead to a Nationally Accredited outcome are required to complete assessments to demonstrate competency in compliance with the unit of competency and/or Qualification as specified in Training.gov. Competency based assessment is the process of gathering evidence to confirm that learners can perform the required skills and knowledge.

Assessments undertaken may include:

- Written/oral Assessments
- Practical demonstrations
- Workplace logbooks
- Completion of case studies and similar activities
- Development of a portfolio
- Work samples
- Third party reports

You will be given feedback on all assessment activities. Competency based assessment does not use a marking scale rather your assessment attempts are marked as Satisfactory (S) or Not Yet Satisfactory (NYS). Overall results displayed as Competent (C) or Not Yet Competent (NYC).

Please make sure that you attach an Assessment Coversheet to all assessments. These are provided by Baseline Training and must be signed by you. Please always include the question/task you are addressing.

Information about vocational education and training and the national register of training providers and qualifications can be accessed at: www.training.gov.au

Information related to regulation of registered training providers and the VET Quality Framework is available via: www.asqa.gov.au

The Australian Qualifications Framework (AQF) website can assist you with information on national qualifications in schools, vocational education and training and the higher education sector (mainly universities). Valuable information is also provided on learning and employment pathways: <http://www.aqf.edu.au/>

Credit Transfer

You may be eligible for a Credit Transfer if you have previously undertaken training through a Registered Training Organisation. Credit Transfer may be granted for one or more units. To apply for Credit transfer, you will need to request an application form from Baseline Training administration. This is required to be submitted with your supporting documents. All copies of transcripts, statements of attainment and certificates must be certified as true copies by a justice of the peace. For more information on where to locate a Justice of the Peace in your area go to: <https://www.australia.gov.au/information-and-services/public-safety-and-law/justices-of-the-peace>

Whilst you may apply for credit transfer at any time, you are encouraged to apply before commencing a training program or within three (3) weeks of the program commencement. This will reduce unnecessary training and guide you towards a more efficient path to competence.

Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and you will be advised to seek assistance from your trainer about potential recognition of previous work towards unit assessment.

You will be notified in writing of the outcome of your credit transfer application.

Three (3) major factors need to be considered:

- How current the Qualification/Statement of Attainment is?
- Mapping to the current training and
- If the training was undertaken with a Registered Training Organisation.

If you think you may be eligible for a Credit Transfer, you will need to provide the following:

- certified copies of your Statement of Attainment and/or Certificate by a Justice of the Peace (JP)
- There is no charge for Credit Transfer

Recognition of Prior Learning (RPL)

All learners who consider they can demonstrate current skills and knowledge in qualifications or individual units of competency, whether achieved through prior training (formal or informal) or through relevant work history and experience may apply to have their knowledge and skills 'assessed' via an RPL process in any current advertised program offered by Baseline Training

The RPL process at Baseline Training may vary depending on individuals' specific circumstances but will generally follow the process outlined below:

- RTO provides preliminary information about the RPL process in the Baseline training RPL Application guide to applicants
- Applicant provides RTO with evidence to be analysed against the desired units of competency such as a resume, letters from employers and job descriptions
- The RTO provides the applicant with a preliminary report outlining eligible units based on the provided evidence and a quote for the cost of enrolling in the RPL process for those units.
- Applicant enrolls in the units selected
- A conversation between assessor and applicant to discuss further evidence requirements for individual units
- Applicant supplies further evidence of capability (prior learning, work history, personal skills etc) specifically related to the units of competency

Examples of evidence might include (but not limited to):

- licenses or tickets
- resume/ CV or detailed work history
- certificates (accredited, non-accredited, higher education degrees or training programs. Refer Recognition re 'credit')
- performance appraisals
- indentures or trade papers
- statements of attendance/certificates – vendor training courses, in-house courses, workshops, seminars, symposiums, club courses e.g. first aid, officials, surf lifesaving etc.
- photographic evidence of work
- diaries/task sheets/job sheets/log books
- memberships of relevant professional associations
- hobbies/interests/special skills outside work
- references/letters from previous employers/supervisors
- industry awards
- letters from employers, records of professional development.

An assessor will conduct a review/verification of the evidence supplied against the units of competency

The assessor may facilitate a one – on - one professional conversation(s) (depending on your experience and/or evidence, the assessor may need more than 1 occasion to assess your skills in your workplace or a simulated environment)

If you consider you may have prior knowledge and skills that could demonstrate your current competence in accredited training, you are encouraged to discuss this with Baseline Training at enrolment.

For more information regarding RPL and how to apply, please discuss this with your Trainer or Baseline Administration.

Complaints and Appeals

Baseline is fully committed to constantly improving how its business is conducted and maintaining its continuous compliance with the VET Quality Framework. Your feedback about your experiences with Baseline Training is very important in enabling us to do this effectively.

Learners, prospective learners and other clients are invited to provide their feedback on any aspect of our services at any time. Feedback can be provided in person, over the phone or in writing. All feedback received will be used in Baseline Training continuous improvement cycle.

Baseline considers all experiences an opportunity to learn, reflect and improve. Self-reflection and evaluation play a key role in the organisations continuous improvement and all staff are actively encouraged to participate in continuous improvement processes.

We will regularly ask for your opinion in the form of formal (online surveys) and informal (conversations) feedback. As an RTO, Baseline is also required to collect Learner Engagement feedback (via a survey) about your experience with us and report the outcomes to the national regulator annually or quarterly. We would request your participation in this process, as it is a valuable source of information for us to identify areas for improvement.

It is also important that if you have an issue or a problem (with the training or with our services), including if you are dissatisfied with the outcomes of assessment and other decisions, that we know about it and have an opportunity to work with you to resolve it.

Baseline's full Complaint and Appeal Policy and Procedure is available on request and on our website. Should you have a complaint or wish to appeal an assessment result, you are encouraged to do so by using the following processes:

Complaints

If you have a complaint, please discuss it first with the relevant person (the person your complaint is related to), or another Baseline staff member (see options below). If this discussion is unable to resolve the issue, or you are unable to discuss it directly, you may submit a 'formal' complaint through an appointment, email, letter or via the website to Baseline Training who will commit to investigating the issue and working with you to have it resolved.

If you are lodging an appeal about a decision, whether the decision is about the result of an assessment or a decision about an issue, it must be done within 14 days of notification of the result or decision. Each learner has an opportunity to formally present his or her case and is given a written statement of the appeal outcomes including reasons for the decision.

Complaints are the expression of the dissatisfaction with the quality or any aspect of the business operations and service, including nuisances, discrimination or similar against another person, inclusive of participants, staff and contractors and third parties.

The following are examples of issues for which you may lodge a complaint:

- enrolment
- training delivery
- training and/or assessment, including Recognition of Prior Learning
- any other activities associated with the delivery of training and assessment services
- issues such as discrimination, sexual harassment, participant amenities and so on

First instance:

You are encouraged to speak immediately with your trainer. If you are not comfortable addressing the issue with the trainer you are encouraged to contact the Compliance Manager on 1300 227 354 and to complete the Complaints and Appeals form located on the website and submit to compliance@baselinetraining.com.

Second instance:

If the issue is not resolved, you will be referred to the National Operations Manager available on 1300 227 354.

Third instance:

If the matter is not resolved an independent third party will be requested to assist with resolution. Third parties may include relevant training representative(s), legal representative(s) or other relevant personnel

In the event that a complaint has been lodged with a third party, a copy of the original Complaint or Appeals form must be forwarded to the General Manager at info@baselinetraining.com, even if the situation has been resolved to the satisfaction of all parties.

Outcomes of complaints will be provided to you in writing within fifteen (15) working days of the decision.

Fourth instance:

Whilst Baseline Training would prefer the opportunity to work with you to satisfactorily resolve issues, the commonwealth government also provides learners with access to a National Training Complaints Hotline (13 38 73 or online through the Australian Skills Quality Authority (ASQA) <https://www.asqa.gov.au/complaints/getting-started-making-complaint-about-training-provider>
